

FASTER CLAIMS PROCESSING

MHN's EDI Specialist helps providers with Electronic Claims Submission

Using Electronic Data Interchange (EDI), MHN has been accepting electronic claims for several years. MHN's EDI specialist finds that replacing the paper submission process with an electronic claims submission solution offers several benefits to MHN providers.

Electronic claims submissions eliminate the expense, delays and uncertainty of a paper claims process by using an EDI claims submission solution.

- EDI is faster.
- EDI provides you with an electronic acknowledgement of claim receipt.
- EDI claims enter into the MHN claims processing system faster.
- Faster claims processing.*
- Track claims submissions and status online.
- Using EDI improves office efficiency by:
 - Reducing manual processing time & expense.
 - Eliminating mail-related concerns.
 - Faster claim adjudication (no mailing delays).

**Please note that MHN does not offer electronic funds transfer at this time.*
